

### REMARKS

This amendment addresses the official Action of September 9, 2005. The claims remaining in the case are 1-6, and 8-17.

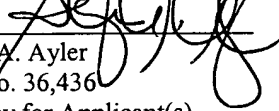

Claim 6 is objected to because it contains non-elected species. By this amendment claim 6 is now directed to elected species only.

Claim 1 is objected to because the term "Ch=CH" should be "CH=CH". The correction has been made herein.

Claims 1-3, 5 and 8 are rejected under 35 USC 112, second paragraph because the phrase "Z represents a triple bond" should be more clearly stated as "C≡C". The correction has been made herein in accordance with the Examiner's suggestion. It is further rejected because a comma should be after "Q is...C(halo)<sub>2</sub> said cycloalkyl"; and the phrases "R1 represents...(CH<sub>2</sub>)<sub>p</sub>-hydroxymethylketone" and "Ra further represents for aryls and heterocyclyl" are not clear. In accordance with the Examiner's suggestion the comma has been inserted, and the phrases "(CH<sub>2</sub>)<sub>p</sub>-hydroxymethylketone" and "Ra further represents for aryls and heterocyclyl" have been deleted. However, in place of "(CH<sub>2</sub>)<sub>p</sub>-hydroxymethylketone" the phrase "(CH<sub>2</sub>)<sub>p</sub>C(O)CH<sub>2</sub>OH" has been inserted.

As a result of these amendments, the 112 rejections have been overcome. Applicants now believe the Examiner's concerns have been met and overcome and respectfully request that the objections and rejections to claims be removed.

Respectfully submitted,

By:
